## OUR PHILOSOPHY

The counselors at **Walter Reed Middle School** believe that:

1. **Every** student has the right to a **comprehensive** school counseling program.
2. The school counseling program is based on stated goals and delineated **student competencies** and evaluated by the counselors and Assistant Principal of Secondary Counseling Services.
3. The school counseling program is consistent with expected **developmental** stages of learning and is an integral part of a student's total educational program.
4. The school counseling program will be aligned with the American School Counseling Association National Model and ethical guidelines.
5. **All students** have access to a school counselor to discuss **personal** concerns.
6. All students have access to information about **academic** and **career** planning.
7. Students and staff are encouraged to recognize and appreciate the unique contributions, rights, responsibilities and esteem of self and others.
