My New SSO:

Email Address: _____@mymail.lausd.net

Password: _____

Just a note, if you use anything related to your name, your birthdate, or you student ID# Schoology will not accept it.

Also, you cannot have #s or letters in a sequence, such as 1234 or ABC. It doesn't even like 1112 because that is 11 and 12 next to each other.

It needs to be a minimum of 8 letters AND numbers and not more than 20.

You also cannot use the same exact password. You have to change it in some way.

Once you have created your password, try logging on to schoology to make sure it works. If it doesn't, then you will have to start over and create a new password.
